Programming 91906

Achieved

writing code for a program that performs a specified task - Not Completed!

No Feedback Required!

using complex techniques in a suitable programming language - Not Completed!

No Feedback Required!

setting out the program code clearly and documenting the program with comments - Not Completed!

No Feedback Required!

testing and debugging the program to ensure that it works on a sample of expected cases. - Not Completed!

No Feedback Required!

Merit

documenting the program with appropriate names and organised comments that describe code function and behaviour - Not Completed!

No Feedback Required!

following conventions for the chosen programming language - Not Completed!

No Feedback Required!

testing and debugging the program effectively to ensure that it works on a sample of both expected cases and relevant boundary cases. - Not Completed!

No Feedback Required!

Excellence

ensuring that the program is a well-structured, logical response to the specified task - Not Completed!

No Feedback Required!

making the program flexible and robust - Not Completed!

No Feedback Required!

comprehensively testing and debugging the program. - Not Completed!

No Feedback Required!

You currently will get Not Achieved for this standard!

Web Design 91903

Achieved

applying appropriate tools and techniques to meet the purpose and end users requirements - Not Completed!

No Feedback Required!

applying appropriate data integrity and testing procedures - Not Completed!

No Feedback Required!

Applying user experience principles relevant to the purpose of the outcome - Not Completed!

No Feedback Required!

addressing relevant implications. - Not Completed!

No Feedback Required!

Merit

using information from testing procedures to improve the quality of the outcome - Not Completed!

No Feedback Required!

applying user experience principles to improve the quality of the digital media outcome. - Not Completed!

No Feedback Required!

Excellence

iterative improvement throughout the design, development and testing process to produce a high-quality outcome - Not Completed!

No Feedback Required!

using efficient tools and techniques in the outcome's production. - Not Completed!

No Feedback Required!

You currently will get Not Achieved for this standard!

Database 91902

Achieved

designing the structure of the data - Not Completed!

No Feedback Required!

using appropriate tools and advanced techniques to organise, query and present data for a purpose and end users - Not Completed!

No Feedback Required!

applying appropriate data integrity and testing procedures - Not Completed!

No Feedback Required!

addressing relevant implications. - Not Completed!

No Feedback Required!

Merit

structuring, organising and querying the data logically - Not Completed!

No Feedback Required!

using information from testing procedures to improve the quality of the outcome - Not Completed!

No Feedback Required!

Excellence

iterative improvement throughout the design, development and testing process - Not Completed!

No Feedback Required!

using efficient tools and techniques in the outcome's production - Not Completed!

No Feedback Required!

presenting the data effectively for the purpose and end users. - Not Completed!

No Feedback Required!

You currently will get Not Achieved for this standard!
